The Conewago Valley School District promotes individual and collaborative excellence enabling students to become competent, confident, and creative builders of the future.
Dear Parents and Guardians of Conewago Valley School District Students:

I look forward to welcoming back our students and their families for the start of another school year.

As August 22nd approaches, teachers, administrators and support staff of Conewago Valley School District are busy with preparations for an engaging year filled with a wide variety of learning experiences and opportunities for all.

Walking onto any one of our campuses we instantly feel the familiar comforts of the beginning of a new school year. Our buildings and campuses, thanks to the efforts of our custodial, grounds, and maintenance staff, look immaculate. The administration and faculty are making their final preparations to welcome students, while the clerical staff put on the finishing touches to meet stakeholder needs and ensure a successful start to the year.

Along with staffing, curriculum, instruction and technology enhancements, we focus our efforts on many initiatives across the district, including:

- Continuing our commitment to providing safe, supportive and vibrant learning environments for all students, allowing us to focus on both their academic and emotional needs.
- Upgraded English Language Arts curriculum for grades K-8.
- Additional Advanced Placement (AP) courses at the high school.
- Year three of our Road 2 Relevance initiative with continued enhancements to technology infrastructure and student devices.
- Ongoing dedication to customer service across our district as we are your public school system and want to continue to earn your respect by providing a quality experience.

As the new school year begins, please remember that the most meaningful factor in assisting students to have a successful school experience is our ongoing partnerships with parents and guardians. In order to help your children attain their goals, we need your involvement, whether through attending conferences, volunteering in your child’s school, or, perhaps most importantly, reinforcing the importance of on-time school attendance.

Through the range of experiences and emotions throughout a year, from celebrations to heartbreak, we should always remember that we are all stronger – and our students’ experience better – when we work together as a team, extended family and community.

Remember to stay informed about your child’s school and all of Conewago Valley School District through Facebook, Twitter and our website www.conewago.k12.pa.us.

Please accept my best wishes for the upcoming school year.

Sincerely,

Dr. Russell E. Greenholt, Superintendent of Schools

The Conewago Valley School District wishes to thank all its advertisers for their support throughout the year. Please support the advertisers in this calendar. Their support allows free copies of the 2017-2018 District Calendar to be distributed to all students and staff. Advertisers, your generosity is greatly appreciated.

ATTENDANCE PROCEDURES
The Board of School Directors requires that school-aged pupils enrolled in the schools of the District attend school regularly in accordance with the laws of the State. The educational program offered by this District is predicated upon the presence of the pupil and requires continuity of instruction and classroom participation.

The regular contact of pupils with one another in the classroom and participation in a well-planned instructional activity under the tutelage of a competent teacher are vital to this purpose.

Attendance shall be required of all students of compulsory school age enrolled in the schools except that a principal or teacher may excuse a student for temporary absences when satisfactory evidence of such mental, physical, or other urgent conditions which may reasonably cause the student’s absence.

EXCUSES FOR ABSENCE: Any pupil who is absent for any cause, upon returning to school shall bring a written explanation from his/her parent or guardian giving the reason for such absence. The fact that a parent or guardian has sent a written explanation of absence does not necessarily mean that the absence shall be considered lawful. Continued, repeated, or questionable absences may justify the administration requesting an investigation.

In cases of pupils whose absences are so frequent as to require investigation, the parent or guardian may be required to submit proof of illness as indicated by the family doctor.

Excuses shall be coded as excused, unexcused, and unlawful. Absences resulting from illness, death in the immediate family, major religious holidays (as listed by the Pennsylvania Department of Education), serious emergencies at home, or absence when previous permission is granted may be excused. Unexcused absence shall be considered an unlawful absence for all pupils under the age of seventeen (17). When a pupil is charged with more than three days of unlawful absence, the parents may be liable to legal action under the laws of the Commonwealth of Pennsylvania.

No pupil can expect to progress normally in school when he/she is absent or tardy a great number of times. It is the parents’ responsibility to see that their children attend school regularly.

BUS PASS PROCEDURE
If a student is going home with another student
1. Both students must have a note signed from their parents.
2. The bus pass will be issued from the office.

If a student is going home to a different location
1. The student must have a note signed from their parent.
2. The bus pass will be issued from the office.

Students are required to give the pass to the bus driver when boarding the bus in the afternoon.

No student will be allowed to board the bus without the pass.

Our goal is to keep the students safe.
Building offices should keep the notes for reference if needed.

BICYCLES
Students may ride bicycles to school at their own risk. Bicycles are to be parked in designated areas and left there during school hours. The school assumes no responsibility for damage or theft of bicycles. Bicycle locks are recommended as a precaution against theft.

CHANGES IN ATHLETIC SCHEDULES
Athletic times and schedules may change for various reasons. If there are any questions please contact Mr. Brandon Renoll in the High School office at 624-2157, ext. 2016 or renollb@ccolonials.org. To view athletic schedules go to: www.conewago.k12.pa.us/athletics--activities.html

HIGH SCHOOL LIBRARY SCHEDULE
Mon. - Fri. 7:00am - 3:30pm
Days before vacations 7:00am - 2:30pm

PARENT NOTIFICATION SYSTEM
The Conewago Valley School District is using the Skyler parent notification system. The system is a computer-based program that is able to deliver an automated message or email to every family and staff person in the District within a matter of minutes.

The primary use of the system is to make announcements regarding:
- weather delays, closings, and early dismissals
- a child’s absence
- any emergency situations that may occur at one of our schools and/or
- important events scheduled for our schools
- important information relative to our schools

The system is only as good as the information in our student information system. It is very important that you update your child’s contact information with current phone numbers and email address. This can be easily accomplished via Skyward Family Access or by contacting the school office when a change occurs.

The system is programmed to call up to three numbers. That means if you have three numbers on file, you will receive three calls, one on each phone. However, if you do not want to have more than one number listed, or if you do not wish to be included in the system at all, please contact your child’s school office. Skyler also has the capability to send email messages with attachments to the District’s staff and families.

Emergency announcements will continue to be made on local radio and TV stations and on the District website.

SCHOOL CROSSING GUARDS
Because of the importance of the safety of children within our area, crossing guards are provided at several places along the route which children take to walk to and from school. The following intersections have been designated as locations for crossing guards:

- New Oxford Elem/Middle School/High School/Conewago Valley Intermediate:
  - Intersection of Lincoln Way East and N. Peter St. - 7:00 to 8:45am and 2:30 to 3:45pm
  - Intersection of Hanover St. and the New Oxford square - 7:00 to 8:45am and 2:30 to 3:50pm
  - Intersection of Berlin Rd. and N. Berlin Ave. - 7:00 to 8:45am and 2:30 to 3:40pm

- Conewago Township Elem.:
  - W. Elm Ave. and N. Oxford Ave. at the signal light - 8:30 to 9:15am and 2:55 to 3:40pm
  - Linden Ave. and W. Elm Ave. - 8:30 to 9:15am and 2:55 to 3:40pm

SMOKING
Students are prohibited from smoking or possessing tobacco, in any form, including e-cigarettes and vapes, on school property including sidewalks and parking areas. The possession and use of snuff and "look-alike snuff" is also prohibited on school property.

ADULT SMOKING POLICY
Tobacco use including e-cigarettes and vapes is prohibited in school buildings, on school buses, vans and other vehicles owned by, leased by, or under the control of the Conewago Valley School District; and on property owned by, leased by, or under the control of the Conewago Valley School District. Persons violating this policy will subject themselves to possible penalty as prescribed by appropriate law and school code. (Board Policy No. 711- in compliance with the Pennsylvania Statute 35 PS, 1223.5)
TRANSPORTATION

The Board of School Directors provides free transportation for pupils attending the public schools of the Conewago Valley School District. Transportation is provided to those who, in the judgment of the Board, have unreasonable distances to walk to and from school.

Each student who is transported to school shall have a single, consistent pick-up and a single, consistent drop-off location. Variations from these single, consistent pick-up and drop-off locations may be made on a given day if the parent or legal guardian notifies the school, preferably in writing, on an occurrence-by-occurrence basis. Pupils must be at the bus stop five minutes before the scheduled pick-up time.

The responsibility of the Board of School Directors begins when the child enters the school bus. This responsibility ceases at the end of the school day when the student steps off the school bus. Parents have legal responsibility for their children as they travel to and from school as pedestrians or as they travel to and from or wait at school bus stops. Conduct of students at the bus stop is the responsibility of parents/guardians and is subject to school disciplinary action.

Any questions about our transportation system should be addressed to the District Transportation Office at 624-2157, ext. 1010.

VISITORS AND SECURITY

We are all interested in creating an atmosphere where our children can feel safe. One aspect of this feeling of security for both children and parents is the limiting of unhindered access to our school buildings.

After students have entered school buildings and sessions begin, all doors will be locked. All visitors must report to the building office immediately to secure a visitor’s badge. Even if you are only visiting for a few minutes to pick up a child or drop something off, you need to follow this procedure. A photo ID will be required. We appreciate your cooperation in this matter.

APPOINTMENTS

Appointments with doctors, dentists, etc., should be made for Saturday or sometime other than a school day. When parents request that these appointments not be made during school hours, arrangements can usually be made. The school will excuse absence for the time needed for the medical appointment provided the student submits confirmation of the appointment (note signed by respective medical professional) within 24 hours.

CHILD ABUSE

Any employee of the Conewago Valley School District who suspects that a child may have been physically injured or abused is required by law to report the incident to the Child Line immediately (1-800-932-0313).

DRUGS AND ALCOHOL

The educational environment is disrupted by a student who, while in school or while engaged in or attending a school activity, possesses, uses, attempts to sell, distributes, or is under the influence of drugs and/or alcohol.

All students shall be encouraged, and staff members shall report to the principal any person suspected of soliciting, giving, or using any narcotics, alcohol or other health endangering compounds while on property under school’s jurisdiction or while attending school-related functions. Students, who, while under the school’s jurisdiction, are found to possess or use a controlled substance, alcoholic beverage, or any controlled drug, shall be suspended from school-related activities for a period conforming with current school code and Board policy. Expulsion can be the result of drug and/or alcohol abuse in connection with school.

If your child or another child you know is experiencing a problem with drugs or alcohol abuse, please contact a school official. A student assistance program is available to help children deal with chemical abuse problems.

FAMILY TRAVEL

Parents who plan travel that will require a child’s absence from school should make arrangements with the building principal. There is a definite school procedure concerning pupil absence for family travel, which includes the completion of a Pre-Arranged Absence form. Arrangements with the school should be made a minimum of five school days before the beginning date of the trip.

SPECIAL EDUCATION PROGRAMS

The Conewago Valley School District provides a free and appropriate public education to all students determined to be exceptional and in need of “specially designed instruction.” These services may be provided solely by the District or in conjunction with the Lincoln Intermediate Unit #12 or local school districts. A range of educational placements is available to meet the individual needs of each student including: gifted education, learning support, and various itinerant, supplemental, or full-time special education classes.

There is a definite school procedure concerning pupil absence for family travel, which includes the completion of a Pre-Arranged Absence form. Arrangements with the school should be made a minimum of five school days before the beginning date of the trip.

SCHOOL CLOSING

Skyler, the District’s automated voice messaging system, will be alerting parents and staff concerning weather delays, early dismissals, and school cancellations. The District website www.conewago.k12.pa.us will have the latest updates posted on school delays and cancellations as well.
If serious weather conditions make it too dangerous to travel, the Conewago Valley School District may be closed or may be opened on a delayed schedule. Notice will be given over the following radio stations: WHVR/ 98YCR, WGET/WGTY, WSBA/WARM 103, WGAL-TV 8, Fox 43, and WHTM-TV 27 will carry school delays and cancellations. Announcements will normally be made by 6:30 a.m. Parents and students are requested not to call the school concerning the closing of school. The radio stations will make frequent enough announcements to make telephone calls unnecessary.

Also, it is possible that inclement weather could develop during the school day. Should this happen, the schools might be dismissed early in order to get children safely home before dangerous weather conditions actually prevail in the area.

The purpose of these decisions would be to provide the greatest safety for all students. It may not be necessary to put the plans into effect, but parents should be aware of such possibilities. Parents who are away from home during school hours should make arrangements for their children in the event school is dismissed early so children know where to go until parents return.

**EXCLUSION FROM AIDS INSTRUCTION**

Parents who wish to have a child excluded from those portions of instruction involving the sexual transmission of AIDS need to notify the principal of the building of this request in writing. Each school year such an exclusion is requested you must submit a written request. The principal will contact the parents to arrange a time when the material can be reviewed with the parents. If, after review, parents still desire exclusion of their child from that portion of AIDS education, alternative education for that period will be arranged among the teacher, the parents, and the principal.

**KINDERGARTEN REGISTRATION**

Children must be at least five years old by September 1 to register for fall kindergarten. Students registering for first grade must be six years old by September 1. Children currently enrolled in a Conewago Valley School District kindergarten class need not register for first grade in the District.

Registration packets may be picked up in January and should be returned by March. Registration packets are also available on line. A thirty (30) minute appointment will be scheduled to have your child screened by our kindergarten staff. Parents should bring the child to this screening. You should also bring the child’s birth certificate and health information. Registration packets are available at either elementary school. Registration forms may be completed prior to registration; however, parents must bring the child’s birth certificate, health/immunization history and verification of residency when registering.

Watch the District website for Kindergarten registration dates for the 2018-2019 school year.

([www.conewago.k12.pa.us](http://www.conewago.k12.pa.us\kindergarten-registration.html))

**PRIVACY OF RECORDS**

Records are maintained for each student from his/her entrance into school through the twelfth grade or withdrawal. Since school records are public records, some measure it was felt, needed to be taken to insure a family’s “Right to Privacy” in regard to the information collected and stored in the school files. Examples of information that may be contained in a student’s file are:

1. Personal and family data including certification of name and date of birth
2. Test data, achievement records and other evaluative information
3. Medical reports
4. Anecdotal reports
5. Psychological reports
6. Records of conferences
7. Copies of correspondence with parents and others concerning the student
8. Other records which may contribute to understanding the educational progress of the student
9. For eligible Special Education students, appropriate State mandated forms/information

**SCHOOL HEALTH SERVICES**

The main functions of the School Health Services are to facilitate positive student responses to normal development; promote health and safety; intervene with actual and potential health problems; and actively collaborate with others to build student and family capacity for adaptation, self-management, and learning.

The health program includes physical examinations, vision, hearing, height and weight, scoliosis screening, and counseling.

Emergency care will be administered to those students who become ill or have accidents during school hours. In the case of a major illness or accident, the following procedures will be followed:

1. Parents will be called for instruction depending upon severity.
2. Procedures listed on the emergency card will be followed.
3. The student will be taken to the emergency room at the hospital.

Treatment of minors in the emergency room is given only in life-threatening situations without the consent of parent or guardian.

At the beginning of each school year, parents are asked to update emergency information providing current health concerns that the parent is aware of including any that are ongoing from the previous school year. In addition, parents should keep the school informed of the current address and telephone numbers where they can be reached in case of an emergency.

This information should be filled in accurately and the school should be notified of any changes in health condition, procedure, address, or telephone numbers that occur during the school year. IT IS VERY IMPORTANT THAT A RESPONSIBLE PERSON CAN BE REACHED AT ALL TIMES. A parent or guardian must verify this information. A list of medications available in school is also listed for your approval. Medications will not be dispensed without annual parental approval.

**ADMINISTRATION OF MEDICATION**

Parents should confer with the child’s physician to arrange medication time intervals to avoid school hours whenever possible. No medication may be administered without written authorization from the physician and the parent/guardian.

When medication absolutely must be taken during school hours, the parent or guardian must submit a written request, signed by the physician and parent, to the school nurse in order for their child to take any medication. The appropriate medication permission form is available on the district website under health services or from the school nurse.

**Handling and Storage of Medications in the School:**

We prefer that:

1. The parent brings the medicine to school. The medication must be in the original container and properly labeled. If necessary, request a duplicate bottle from the pharmacist. The medication and the written request should be delivered directly to the school nurse, school principal, or his/her designee. The amount of medication stored by the school should be limited based on the length of time medications are to be taken.
2. All medication will be kept in a locked cabinet in the health room of the school. Medications requiring refrigeration will be stored in the health room refrigerator.
Administration of Medications During School Hours:

1. Students will be responsible for reporting to the nurse’s office at the time the medication is to be taken.
2. The school’s nurse, principal or his/her designee will supervise the taking of the medication by the student.
3. Prescription drug logs will be kept for any child receiving prescription medicine on an ongoing basis.
4. Unused medications will be returned to parents for disposition.
5. Any change in dosage of medication will be recognized only upon receipt of written notice of the change from the family physician and the parent.

COMMUNICABLE DISEASES

Pennsylvania State law requires each student K-12 to be fully protected against certain diseases before admission to the school is permitted. Children in all grades need the following:

- 4 dose of tetanus, diphtheria, and acellular pertussis* (1 dose on or after the 4th birthday)
- 4 doses of polio (4th dose on or after 5th birthday and at least 6 months after the previous dose was given)**
- 2 doses of measles, mumps, rubella***
- 3 doses of hepatitis B
- 2 doses of varicella (chickenpox) or evidence of immunity

For attendance in 7th grade:

- 1 dose of Tetanus, diphtheria, acellular pertussis (Tdap) on the first day of 7th grade
- 1 dose of meningococcal conjugate vaccine (MCV) on the first day of 7th grade

For attendance in 12th grade:

- 1 dose of MCV on the first day of 12th grade. If one dose was given at 16 yrs of age or older, that shall count as the twelfth grade does.

*Usually given as DTP or DTaP or if medically advisable, DT or Td
**A fourth dose is not necessary if the third dose was administered at age 4 years or older and at least 6 months after the previous dose
***Usually given as MMR

These requirements allow for the following exemptions: Medical reason, religious belief, or philosophical/strong moral or ethical conviction. Even if your child is exempt from immunizations, he or she may be excluded from school during an outbreak of vaccine preventable disease.

Students absent from school due to illness must bring a written excuse stating the reason for the absence. If the student was treated by a doctor, the excuse should be written by the doctor. State law requires a specific number of days of absence for certain diseases such as streptococcal infections, chicken pox, measles, German measles, mumps, whooping cough, and diphtheria. Please contact your school nurse if your child is diagnosed with any of these diseases. Pink eye, impetigo, ringworm, fungus infections, and scabies require treatment and a doctor’s excuse is required for re-entry to school.

Head lice must be treated and the child needs to be “nit free” as determined by the school nurse before he/she will be able to return to school. Please call the school nurse to make arrangements for this check.

If a student becomes ill during the school day he/she must report to the school nurse. The nurse will contact the parent/guardian concerning an illness that requires a dismissal from school.

FOOD SERVICE

Conewago Valley School District recognizes that wellness and proper nutrition play a significant role in a student’s physical wellbeing, growth, development and readiness to learn. All foods available district wide during the day are offered to students with consideration for promoting student health and reducing childhood obesity. Food provided through the National School Meal Program comply with federal nutrition standards under the Healthy Hunger Free Kids Act.

Breakfast and Lunch Program

Each school in the district has a cafeteria that prepares nutritious meals daily. Students in the elementary and secondary schools can purchase a breakfast and/or lunch or students may also bring a lunch from home. If students pack a lunch they may also purchase milk in the cafeteria.

There are a variety of entrees, fruits, vegetables, and milk available each day that can be purchased as a meal. Students may choose up to five components to make up their meal, so it’s important to know and understand them. The five components are: protein, grain, fruit, vegetable, and milk. To purchase items at the meal price, a student must take three of the five offered items. We encourage students to take all five components for a “real meal deal.”

All students in grades K-12 may deposit money into an account to purchase meals and/or a la carte items through the district’s point-of-sale system. Students have their own account that can be accessed using a Personal Identification Number (PIN). The student’s PIN Number is their five-digit student ID number assigned by the District, and it will remain the same as long as they are a student at Conewago Valley School District. Students must use their number each time they make a purchase from the cafeteria. Students participating in the free or reduced lunch program also purchase meals using their PIN on the point of sale system. Money cannot be refunded off your account to use in the vending machines. We encourage all students to put advance payment on their account because this allows the lines to run smoothly, prevents lost or stolen money and is a convenience. Payments can be made in advance with cash, check, or credit/debit card on Skyward. At the end of the school year, if your child is changing buildings in the District, his/her balance will be transferred to the building for use the following year. If you’re leaving the District, please check with the Food Service Coordinator to review your child’s lunch account or with the school office to complete a refund form.

Monthly menus are available to all students and on the District’s web site: www.conewago.k12.pa.us.

Free and Reduced Meals

Conewago Valley School District participates in the National Free and Reduced Meals Program. Students from families who qualify under federal guidelines will receive meals free or at a reduced cost. Applications are available at all school buildings offices, on line with COMPASS, or on Skyward Family Access. These applications may be filed any time throughout the school year for any family experiencing income changes. All information is confidential; discrimination is not permitted in accordance with district, state and federal requirements. (Students receiving free or reduced meals in June 2017 will continue to receive free or reduced meals until Tuesday, October 3, 2017. After this date, applications from the previous school year will expire, and new applications must be submitted for meal benefits to continue.

All families who think they may or know that they do qualify are strongly encouraged to apply. Having an accurate count of students who receive free or reduced lunch is important in that this data is used to generate other federal funding benefits for District students.

Applying for Free/Reduced Meal Benefits

Families that have children attending Conewago Valley School District are eligible to apply for free or reduced priced meals through the National School Meal Program. Families who are interested are encouraged to apply each school year by completing the Household Meal Benefit Application via paper copy, or online using Skyward Family Access or COMPASS. Only one application per household is required. If you choose to complete the paper application, please return it to school with the child you feel is most responsible for turning it in so benefits can begin as
When Will Meal Benefits Begin?

Benefits will begin when your application is approved and you receive notice of acceptance. A notification letter of acceptance or denial will be mailed to your home (You are responsible for paying for meals until your application is approved). Once approved, your free or reduced meal information will be automatically programmed into your child’s lunch account in the point-of-sale system and will remain confidential. If eligible for free or reduced meals, your child is allowed one meal at free or reduced price. Your child may not give or loan his/her free or reduced meal benefit to another student.

To advertise in the District Calendar contact Mrs. Lauri Beans at (717) 624-2157 or email beansl@cvcolonials.org.

Advertisements for the 2018-2019 calendar will be accepted anytime during the school year.
The Conewago Valley School District, Adams County, Pennsylvania starts at a point about two miles east of Gettysburg and includes everything to the north of the center line down Route 116 to where Union Township begins. It continues east following the Union Township line to the York County line north of the York/Adams line to the Hamilton/Reading Township line. Turning west and following the Hamilton/Reading Township line, continue to PA Route 234 northwest to Five Points Road and stay on Five Points Road to Weaver Road to Straban and west of Beaver Run Road south to the Straban/Mount Pleasant line and follow that line south to Route 116.
