

Dear Parent/Guardian,

I would like to take this opportunity to invite your child to participate in our after school Homework Club. It has come to my attention your child is having difficulty with some classes and/or may not be completing homework assignments. I feel the Homework Club may work for your child. Tutors will be available to assist your child in improving his/her grades.

The club runs from 2:30-3:30 on Mondays and Wednesdays each week. We meet in the high school library classroom. This club is **not** mandatory or punitive. Students are allowed to work with each other, and there are several high school students and other adults who can further assist them if needed.

If you are interested in this program, I ask that you and your child complete the permission slip below. Students who wish to attend should report to the high school library by 2:40 p.m.

Please contact me for further information,

Kelly Kuhn
