

Class of 2020 Graduation Project Information

There have been changes made to the graduation project, for the good! In the past, students were required to do “4 additional items” by May 1st of the junior year. The 4 additional items are no longer required. (Students should still be doing community service, being a member/leader in organizations, attending college fairs, etc.)

The items that students will be completing for their graduation project will be accomplished during the school day.

Information about community service: If a student completes community service and wishes to have these hours documented in Skyward, please give Mrs. Kuhn a copy of the hours, which can be placed in Skyward. Community service hours look GREAT on applications (job, college, scholarship). A report can be printed out of the community service hours upon request from the student.

Any questions or concerns should be directed to Mrs. Kuhn in the guidance office or by emailing at kuhnk@cvcolonials.org
