

Heroes 4 Higher WV Batman, Wonder Woman & The H4H Hope-Mobile/Batmobile are coming to Gettysburg, Pennsylvania for a FREE TO THE COMMUNITY Holiday Hope Rally in the middle of City Square Gettysburg. This **TURN PAIN INTO POWER TOUR** will help give the community a tool that can help inspire people through tragedy, illness and inspire them to be an overcome that we all deserve to be. We invite all media to come a share HOPE for the Holidays.

Communities all round are suffering from being enslaved to drugs, hate, bullying, crime, poverty and tragedy. On this day we will be carrying forward the spirit of President Lincoln and his mission to abolish physical slavery that he fought so diligently to free Americans from. We will honor him by giving a message of HOPE and empowerment to the community on Dec 23<sup>rd</sup> to help inspire all that they can be FREE themselves from the pain & many vices that we can be enslaved by.

WV Batman (John Buckland) will share his story of overcoming childhood sexual abuse he endured and the self destructive life of addiction and chaos that followed it's pain; to then becoming a career firefighter with 2 years of Fire Service for Dept Of Defense in Iraq (2009-2011) & then full time West Virginia Batman in 2012. His triumph over pain has brought him to almost 600 school assemblies and countless community healing outreaches including The San Bernardino shooting and funeral of Jacob Hall, 6 year old shooting victim, from Townville South Carolina. He is committed to helping inspire and empower families & communities to Turn Pain Into Power and be FREE to live the life all humans deserve.

For more on WV Batman and his work, please see the separate doc attached as well.
